

We design, develop and deploy customized **CAMERA MODULES** and **PROJECTION SYSTEMS**.

**USE CASES INCLUDE:**

- High Quality Image Capture
- Facial & Gesture Recognition
- Content Generation for 3D Printing
- Security & Authentication
- 3D Video Conferencing
- Action Sports Capture
- 360° Video
- Automated Driver Assistance
- Head-Up Display
- Head-Mounted Displays
- Depth Capture for AR/VR

The Jabil Optics team enables best-in-class solutions for new and highly complex opto-electronical devices where others fall short. Our experienced design, automation and manufacturing teams take you from idea to matured product.

We deliver advanced optical design and engineering services, process development, supply chain management and precision manufacturing. You will benefit from the broad experience we have gained by working with the leading brands in the consumer, automotive, industrial and medical markets.

**KEY CAPABILITIES:**

- Miniaturization
- Active Alignment
- Optical Test
- Material Sciences
- New Product Introduction
- Rapid Prototyping
- Process Development
- Global Program Management
- Supply Chain Management

## HERE'S WHAT YOU CAN EXPECT WHEN YOU ENGAGE WITH JABIL OPTICS

We serve you with outstanding optical know-how that's unique in the world. With our in-house state-of-the-art verification, test and manufacturing equipment, we enable highest maturity of your product. We have provided solutions for AR/VR, LiDAR, 3D sensing, projection and imaging applications.

### DESIGN

#### OPTICAL, MECHANICAL & ELECTRONIC PARTS DESIGN & VERIFICATION

- World Class Optics Design
- Electrical Engineering
- Design for High-Volume Manufacturing
- Design to Cost

### DEVELOP

#### PROCESS DEVELOPMENT & VALIDATION TO ASSEMBLE DESIGNED PARTS

- Advanced Process Solutions
- Optical Material and Component Selection
- Customized Adhesive Solutions
- Equipment Guidance and Selection

### DEPLOY

#### LEAN SIX SIGMA-BASED MANUFACTURING OF DESIGNED & DEVELOPED SOLUTIONS

- Design & Procurement of Optical Lens Assemblies and Sub-Assemblies
- New Product Introduction
- High-Volume Production of Optical Solutions
- Final Goods Assembly
- Test
- Pack-Out

## ABOUT JABIL OPTICS

For nearly two decades, Jabil Optics has been recognized by leading technology companies as the premier service provider for advanced optical design, industrialization and manufacturing. With more than 170 employees across four locations, Jabil Optics provided solutions for its customers in 3D sensing, augmented and virtual reality, action camera, automotive, industrial and healthcare markets.

At Jabil, we strive to make anything possible and everything better. With over 260,000 diverse, talented and dedicated employees across 100 locations in 30 countries, our vision is to be the most technologically advanced and trusted manufacturing solutions provider. We combine an unmatched breadth and depth of end-market experience, technical and design capabilities, manufacturing know-how, supply chain insights and global product management expertise to enable success for the world's leading brands.
