## Welcome to Scanmarket!

This guide describes how to access an e-sourcing event hosted on Scanmarket and how to submit the information requested by the event organizer. The fields and settings may differ between events

depending on the scope. If something is not clear, please use the “Messaging” at the bottom of the event to post a question to the Event organizer.

## Invitation and access to the event

---

Suppliers do not need to register any account or access to Scanmarket to take part in sourcing events.

You will receive an invitation to the sourcing event through an email from Scanmarket. Click on the link provided, you will enter to the event, you will see few tabs subject to the event type, eg “Specifications” and “Bid list”.

Below is the sample of email invitation for the new sourcing event:

The image shows a sample email invitation from Jabil. At the top left is the JABIL logo. A blue callout box with a pointer to the link says "Just click on the link to access to the event." The email body contains the following text:

Dear Mr Patrick (Pandan),

You are hereby invited to participate in our event. In order to access the event, please click on the following link:  
[e-Auction for CLEANROOM - KULIM](#)

You will then have full access to the event.

The actual bidding period runs in the time from 15/07/2020 02:15:00 EAT to 15/07/2020 03:15:00 EAT.

Please note that the link below contains your security access and unique login to the system. Therefore, be aware not to forward this link!

If you have any questions you may contact the event organizer via event "Messaging"

We look forward to your participation.

Best regards  
Siowhui Ooi  
Jabil

Excel Bidding

Bid extension triggering standard at last 2mins

Bid extension 3 mins to provide new bid opportunity

System propose best price

“Excel Bidding” is a feature to provide convenient to supplier make bulk upload for the price, instead of update on the screen one by one. Follow the step 1-3, will allow you to upload the list.

“Bid extension”, in Scanmarket all the new bid within the last 2 minutes of the remaining time, the auction event will be extended with “X” minutes. This “X” is subject to the event organizer.

“Leading Bid” indicator show in traffic light color, for green is indicate leading bid, and red is non leading bid.

“Start Price” is the Ceiling Price.

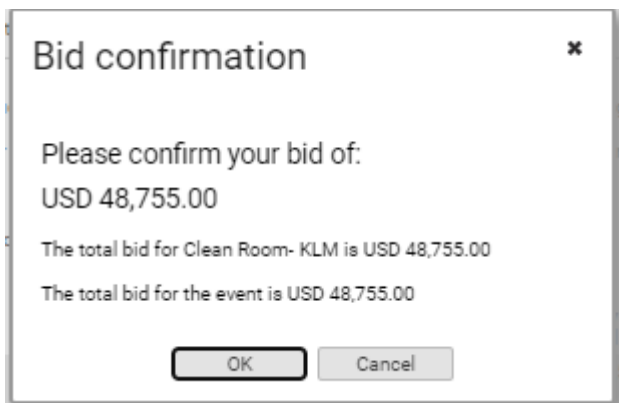

“My Bid” is your past best bid.

“Position” is to provide you visibility of your ranking in this auction competition.

“Next Bid” is a system propose price according to predefined rules by event organizer. You may also manual key in your bid if you plan to bid lower or different than the propose price.

“Submit” allow you to update your best price.

“Bid Confirmation” will prompt to reconfirm your bid price. If you agree, just click on “OK”.

## Partial Quantity Support

There could be situation you not able to supply required quantity. And if you find “Bid List” provide “My Quantity” column for update, it means event organizer allow you to support partially. Then, you can update it accordingly.

No	Product	Quantity	Unit	My quantity	Start price	My bid	Currency	My line total
1.1	Item A	10	ea	<input type="text" value="10.00"/>	USD 5,000.00	<input type="text"/>	USD	
1.2	Item B	10	ea	<input type="text" value="10.00"/>	USD 10,000.00	<input type="text"/>	USD	

## Error Message

If supplier manual update the price which is not align to event organizer predefine rules, there will be error message prompt that your input price “cannot exceed” the predefine rules. And you need to resubmit a lower bid than the stated price.

**Specifications** **Bid list**

Instructions for Excel bidding:

Step 1: Please click here to generate an Excel file for this event

Step 2: Complete the file and save it on your computer using Excel 2007 or a later version. You do not change the file format.

Step 3: Find your file here and upload it.

This is a list of the products lines in the event. The units described in the bid list are the units you are bidding on. If the remaining time, the auction will be extended with 3 minutes.

● indicates the leading bid. ● indicates a non-leading bid.

No	Product	Unit	Quantity	Start price	Best bid	My bid	My total bid	Position	Next bid
1	Clean Room- KLM	lot	1	50,000.00	49,000.00	49,500.00	49,500.00	2	<input type="text" value="48,755.00"/>

Error message

The bid in the field "Clean Room- KLM" cannot exceed USD 48,755.00

## Proxy Bidding

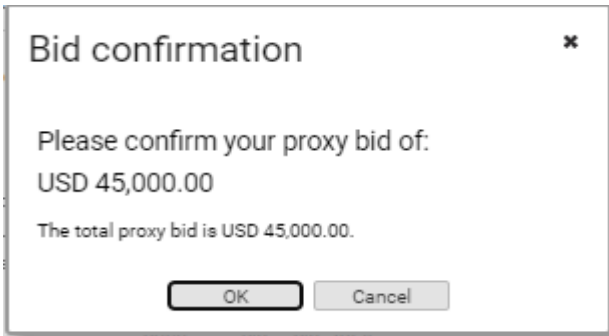

Proxy bidding is an option of solution for the live auction event, mainly overcome the unstable internet connection problem. You can click on “P” to activate this function, and update “My Proxy Bid”, which mean your very best price, then the system will automatically place bids for you and ensure you are number 1 until the system has reached the proxy bid price.

This event has proxy bidding enabled. This means you are able to enter a bid value that you are able to accept. The system will keep you on first place as long as nobody else submits a better bid or proxy bid. In order to enable your proxy bid for a product click the  button.

No	Product	Unit	Quantity	Start price	Best bid	My bid	My total bid	Position	Next bid	My Proxy bid
1	Clean Room- KLM	lot	1	50,000.00		<input type="text" value="50,000.00"/>			<input type="button" value="Submit"/>	<input type="text"/>
				Event bid total in USD	50,000.00					

If you enter “My Proxy Bid” as USD45,000, and click on “P”, there will be a “Bid Confirmation” as below for your proxy bid:

If you are leading, you will see green light and position at #1. As long your proxy bid “P” icon still active, P with green color, and system will continue to manage your proxy bidding on behalf.

● ● indicates the leading bid. ○ ● indicates a non-leading bid.

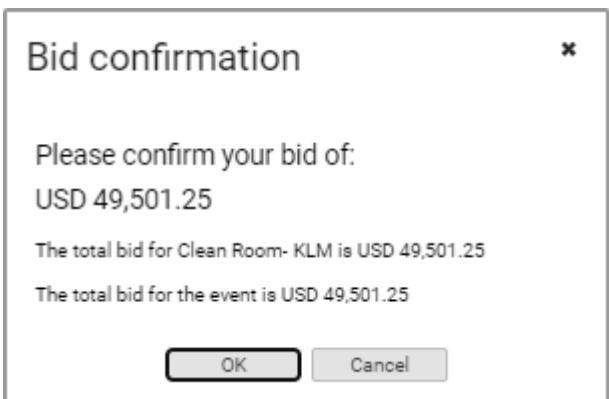

This event has proxy bidding enabled. This means you are able to enter a bid value that you are able to accept. The system will keep you on first place as long as nobody else submits a better bid or proxy bid. In order to enable your proxy bid for a product click the P button.

No	Product	Unit	Quantity	Start price	Best bid	My bid	My total bid	Position	Next bid		My Proxy bid
1	Clean Room-KLM	lot	1	50,000.00	50,000.00	50,000.00	50,000.00	1 ● ●	49,750.00	Submit	45,000.00 <input type="text"/> P

If don't want to use proxy bid, you can click on “P” and turn off “P” and enter the price as normal. It means you just need to click on “Submit” after enter the price, it will just resume to normal bidding. You will see the “P” without in green color. System will still suggest you best price for next bid, which follow the predefine rule set by event organizer.

No	Product	Unit	Quantity	Start price	Best bid	My bid	My total bid	Position	Next bid		My Proxy bid
1	Clean Room-KLM	lot	1	50,000.00	49,750.00	49,750.00	49,750.00	2 ○ ●	49,501.25	Submit	<input type="text"/> P

You will see the bid confirmation message, it say “Please confirm your bid of”. And not mentioned about “proxy bid” anymore.

# Questionnaire

For the RFQ, if we need additional information other than price, there will be questionnaire to collect more information from you. You may answer on the screen, or download the excel file to make update then, import the excel file again.
