

JABIL GREEN POINT  
TAICHUNG, TAIWAN  
CUTTER

**GREEN POINT**  
A JABIL COMPANY

Established since 2010, Jabil Green Point Cutter shop located in Taichung specializes in the development of carbide cutting tools for cutting precision molding used in the production of mobile phones.

Equipped with 51 sets of automatic grinding machines and high-tech measurement machines, we are dedicated to supplying high performance ratio cutters to customers worldwide.

In order to meet customer's demands and facilitate the developing process, we added New Product Introduction (NPI) capabilities to Wuxi in 2013, and Chengdu in 2014. Striving to offer the best quality of products to our customers, we also added to our capabilities in cutter coating technology.

### JABIL GREEN POINT CUTTER

Green Point Taichung Cutter provides design expertise and supplies high quality CNC cutters for milling delicate parts. Our products are used on grinding plastic, aluminum and metal. Typical end users are mobile phone companies, precision tooling, etc.

## Green Point Capabilities

Offering extensive capabilities to our customers, Green Point's capabilities range from tooling technology to manufacturing and supply chain management. We help our customer's design, build and bring innovative products to the market faster, more efficiently and with greater affordability.

For decades, Green Point has been providing advanced innovative product design and breakthrough materials technology to some of the world's most well-known and successful brands. Our world-class engineering team has produced high volumes for a broad range of industries.

## Industries

- Consumer Lifestyles & Wearable Tech
- Emerging Growth
- Mobility

If you're a company looking to achieve rapid growth and create some real disruption in your market, Green Point is your trusted partner of choice.

## Key Cutter Processes

- Comprehensive Cutter Design Services
- CNC Cutter for Plastic
- CNC Cutter for Aluminum
- CNC Cutter for Metal
- Customized Form Cutter
- Polycrystalline Diamond Cutter (PCD)
- Physical Vapor Deposition (PVD) Coating
- Optical Inspection
- Professional Wheel Dressing

## System Control

- Design Navigate System
- Mold Production Management System
- Mold Enterprise Resource Planning

## Commitment to High Quality

- Certificates and Registrations
  - ISO14001
  - OHSAS18001
  - ISO50001

## About Jabil

Jabil's unique combination of global expertise, ingenuity, analytics and financial performance has contributed to the success of the world's most well known brands. We help companies design, build and take their products to market quickly, affordably and efficiently. But more than that, Jabil helps customers intelligently design their supply chains to be agile, economical and effective even in uncertain times.

We provide supply chain services to some of the world's most respected and trusted brands in a broad range of industries, including automotive, clean technology, computing, consumer, industrial, instrumentation, healthcare, networking, peripherals, storage and telecommunications.
